specifications

banner advertising

Leader boards, mpus, skyscrapers and buttons can be either an animated gif file or a static jpg file. Flash files are not accepted. The weight of the file must not exceed 100k.

showreels

Please supply your videos as either M4V, MP4, M4V, FLV or MOV files. If it is a MOV file, the file's audio must be encoded as AAC otherwise the video will have no sound.

The file will be displayed at 600 pixels wide by 350 pixels high so please ensure the file is supplied as close to these dimensions as possible.

Please make sure the file is no more than 30mb.

slide shows

Images will be displayed at 1200 pixels wide by 465 pixels high. Please supply images at these dimensions with a resolution of 72dpi.

Please note, if larger files are supplied which are not in proportion to the display size, some cropping of the image will occur.

Please supply the images as either jpg, gif or png files.

logos

Online logos are displayed at 150 pixels wide by 90 pixels high at 72dpi. If your logo does not suit these dimensions, additional white or coloured background will be added.
